Both parties are making claims about the character of everything in the natural world, and both claims seem risky. Even if it were true that some ordinary people might know that God exists without argument, an argument could be helpful in defending the claim that this is the case. Kant-inspired arguments were prominent in the nineteenth century, and continued to be important right up to the middle of the twentieth century.

They are not reducible simply to normative claims about what a person has a good Amazon Music Stream millions of songs. See McBrayer Rizzieri In the nineteenth century John Henry Newman also made good use of a moral argument

Sidgwick himself does not endorse this argument, but he clearly sees this problem as part of the appeal of theism.
