Erin rated it really liked it Nov 25, The Post Carbon Reader: However, the scope of the book is not truly comprehensive, as its editors simplify. I tend to agree with James Lovelock you should Google his recent interview with the BBC who coined the term "Gaia" to name his concept of looking at planets as holistic systems. Managing the 21st Century's Sustainability Crises. Would you like to write more, while improving your writing skills? Published book is split up into sections, each written by highly qualified members of the Post Carbon Institute.
