I used to rip everything Netflix sent me back when they mailed DVDs instead of the streaming thing. I'm not sure where this idea comes from that "most" households don't have computers. It did my head in when Hitoridedekita (Japanese Edition) first went into a cd store.

Why do some artists make Japanese editions of their albums? I always assumed it had something to do with Japan's consumer culture - they will pay the extra money to get the 'best' possible version of the CD. Visit your "Email Preference" page. You should also consider looking for your question in the FAQ. Because of this system, and because the Japanese market is very unique, sales of physical media in Japan have not been affected by the internet to nearly the degree that they have been in the rest of the world.
