I really enjoyed this book. Follow all my reviews at:
This story follows a vampire from the times he is "made" through several centuries.
This was a good read that combines opera, vampires, and surviving life. Eye of the Beholder. All in all, this was an entertaining and enthralling tale.
It's about vampires and a werewolf, but it's so unlike all the other vampire ears.
Someone who enjoys classical music and the opera, I enjoyed Mozart's Blood.
