Sep 25, Jen rated it it was amazing Shelves: Work is all he lives. I'm not afraid to voice my opinion whether it's negative or positive.

It was HOT yet thoughtful and emotional at the same time too, it has a good mixture of everything. The ease of reading which means the writing is just that superb, readers shouldn't notice bad writing the solid, well-developed characters, the lovable plot with just the right amount of angst I am sure this will be another fantastic series! Books by Nina Lane. Lane is FAR from a one hit wonder.
