A quite surprising paper on mistletoe *Viscum album* extract in advanced pancreatic cancer was quietly published a few years ago by the European Journal of Cancer. A survey published in found that levels of use varied across Europe, with around one in four cancer patients using complementary or alternative therapies in countries with the lowest use, rising to three in every four patients in countries with high use Ann Oncol WhoelsecanItalktoaboutmypain?JPainSymptomManage. In this regard, I have almost finished a project on different cancers including breast,ovary, brain, colorectal, esophagus,and leukaemia by a new and uncomplicated strategy. A metal pin or plate can be inserted into the bone under general anaesthetic to strengthen and stabilise the area of affected bone and reduce the risk of it breaking.
