Exit Strategy (Nadia Stafford, book 1) by Kelley Armstrong

Editorial Reviews. From Publishers Weekly. Armstrong deviates from her popular Women of the Otherworld series to introduce a new protagonist, Nadia Stafford.

Amazon Rapids Fun stories for kids on the go. The assassin is far too skilled to be an amateur—and the precision of the killings is bringing the Feds much too close to the hit man community for comfort.

There is also a great deal of suspense--when your partners are fellow hitmen.

Also I hate when characters are supposed to come out as badassess, and when push comes to shove they fail miserably.

There is also there is a very subtle hint of a romance I am thinking love triangle in this book.

But when she comes face to face with a man who is arrested for abusing a young girl.

Nadia is very picky about her targets - they all must be Mafia thugs.
