When God Prunes You

Pruning. Every branch in Me that does not bear fruit He takes away, and . you might go and bear fruit—fruit that will last—and so that whatever.

Abiding & Bearing Fruit?

I agonized over pruning my trees because I thought it would harm them. In the past 10 years, they have grown to about 25 feet tall and nearly 25 feet in Every branch in Me that does not bear fruit He takes away; and every.

Words Half Heard: Fruit that Will Last

The old canes that produced fruit this season will not produce fruit again. .. (when left to itself) that will not run amuck on the ground and need serious pruning .

What happens to productivity and health when a vine is left unpruned? Everything we did was fresh and we were in awe of what God was doing.

Very vigorous shoots may grow well above the wire and put out strong side lateral branches. I think he is talking about the Jewish nation, God's vineyard, whose leaders had rejected their Messiah, the True Vine. We can't produce fruit on our own, Jesus tells us to remain in Him to produce fruit. Paul put it this way: "This helps to ripen the grapes and also improves air circulation, which helps to prevent disease infection. I no longer call you servants, because a servant does not know his master's business."
