I still loved the humor and the characters but when I recommend her, it will be for Everything on a Waffle or The trolls. I like the landscape of this book, the meditative quality of the inner and the outer worlds.

It has a fun story, good characters, and beautiful, lyrical writing. Jan 26, 2016  
The book, My One Hundred Adventures, is a good book. This book was great, everything that happened to Jane was about learning, and how life really works with the people around, with those who take My One Hundred Adventures by Polly Horvath is about Jane, the daughter of a poet, who lives in a quiet town on the beach. I also had difficulty at the beginning of the book pinning down the time period with references to home-canning food, I initially thought it was set in the 1950s. Which sounds odd coming from a teenage girl's mouth. That it's ok to lie?
