We prefer to use plastic because we think it tends to increase heat. Combine these together to get quite a punchy little mixture that will help keep those dimples at bay. Again, I want to leave you with this:

Eating unprocessed, fiber-rich, alkaline foods can help you reduce cellulite. Of course, if this is something that you plan on doing frequently, you can start to make purchases that will help you get the best results possible. Once you find a recipe that really works, you can even pass it onto friends as a secret recipe haha.

Now you know how to make your own body wrap, but keep in mind, most of all, listen to people who are much more comfortable wearing them for longer periods of time, so they will see better results.
