In parts it reads like a committee wrote it, and he acknowledges many contributors from the Sustainable Development Commission and workshops as the source material. Foundations for the Economy of Tomorrow has been translated into German [6] French [7] and Italian [8].

Eine interessante Zusammenfassung von diversen Gedankenspielen und Analysen

Herman Daly praised it with: That was a tough slog.

But why is this? Had he published it before the financial crisis, he would probably have been dismissed as another green idealist, at best. Het economisch model moet aangepast worden door te investeren in duurzame zaken werkgelegenheid, infrastructuur, et cetera.
