Private contractors, whose work is easily hidden can be used in lieu of armies. When I first heard about Drift, I thought it was a great idea. Nov 20, T.

The military that has grown so large, so central to US policy, that is beyond definition. She points out that this has been the result of policies of both parties, that presidents on both sides of the aisle have been willing to embrace this drift away from the Founding Fathers' original intent and that Congress, again on both sides of the aisle, have allowed this to happen with almost no objection. Open Preview See a Problem? It would be a good thing for us to push back lest we find ourselves sinking, in shark-infested waters.

But it would be hard to argue against, say, reducing our nuclear infrastructure. Also believed that the burden of war, both the financial and human cost, must be shared by all, thus adding another. According to author and political pundit, Rachel Maddow, Thomas Jefferson believed that the executive branch of the US government would always be tempted to take the country into war. He called it "a thought-provoking and timely book" but added that "her narrative is so beguiling that a reader may overlook its weaknesses", suggesting that the congressional approval for the wars in Afghanistan and Iraq undermined Maddow's argument. Drift: The Unmooring of American Military Power the executive branch had become overweening.
