Time Allocation Under Section of the Education Act the amount of time to be devoted to each curriculum subject cannot be prescribed. A Digital Competence Framework has been available to schools since September

I can experience first hand the hurdles we place in front of those who wish some

For this reason, Fisher recommends that we integrate learning and working, so that we learn within the context of our work using real-world problems. These aims underpin the accountability framework that applies to all publicly funded primary schools and influences their decision making.

Professional development is not a new concept, but it is becoming increasingly methods also provide the training regime through which we can become skilled at professional development. This leads us naturally back to revisit and update our professional profile and our action plan.
