It was something I was dreading to read for a while as I have seen him writing and re-writing the book for years. With the help of the documents he has at his disposal, he is able to bring to life his family's long-term friendship with Martinu, as well as include his own thoughtful observations about Martinu and his personality.

We can only hope that better physiological markers distinguishing between the autism-spectrum disorders and pure social disabilities can stem this tide of ever more pathologizing. For 12 yearshe lived in America, during which he enjoyed a brilliant reputation, and his works were played by nearly all the major orchestras.
