I know everyone has been saying it but hardcover would be best! I also love getting inspired by beautiful pictures of the final result of the recipe and have also pictures of some steps of the recipes, especially the difficult or tricky ones to know how to do it the right way.

I would love to cook more French food for my family. Hard copy book would be a great idea! I think a cookbook would be amazing! The title says it all: I really like your airy cooking guides and multi-episode adventures!
