When writing a book like this it far more convincing when you at least make an honest effort at objectivity before drawing such sweeping rationalizations. The most successful communication professionals are no longer just communication experts, they are masters of business.

He takes the reader on a trip through time, from the laboratories of Edison to the top of Wall Street, questioning if GE, with chief executive officer Jack Welch at the helm, is still "bringing good things to life. Kindle Edition Verified Purchase. Feb 03, David rated it liked it.

Terry Sullivan rated it liked it Sep 09, Published September 7th by Vintage fiction seems that Jack Welch, who came into control of one of the nation's greatest industrial enterprises, really wanted only to run a credit card company as his life's ambition.

Innovation, Transformation and Winning in the 21st Century.
