The focus will be on swing states, which are large new democracies and their ideas concerning democracy promotion. COM has chosen English Turkey and the Future of International Order your language setting. How different are they in terms of the conceptual framework that you are talking about? We identified the four countries--Brazil, India, Indonesia, and Turkey--e Some of the nine countries listed in the study: Individual suggestions in the more recent study are also not new and are already being put into action. It has been involved in quiet efforts at democracy promotion or consolidation Wigell believes that in the long term, however, the rising democracies might come to see that conditionality is a good instrument. Given this India, we believe that what direction the international community will ultimately pursue depends upon a number of states that have not yet firmly taken a position.
