I was sucked in throughout and will definitely be back for more by this author.  
When misfortune strikes them en route, however, they have to call for backup, and that's when the real trouble starts. It has every ingredient I love. The guy was practically salivating over all the different creative carnal ways he can make use of this delicious development.

Fans of Spice 'n' Solace will probably love this story, but I had similar issues with this one as I Alien n Outlaw with the first, which is odd, since I love Burn's Cop Out. Review The writing wasn't bad, but it didn't thrill me.
